SCIENCE FAIR
TITLE PAGE, TABLE OF CONTENTS, & ACKNOWLEDGEMENT HOW TO DUE TUESDAY, JANUARY 21st

TITLE PAGE

The TITLE PAGE should include the title of your project, your name, 6th grade, and the date of the Science Fair (January 25, 2013).

TABLE OF CONTENTS

The TABLE OF CONTENTS is a list of all the components of your report. It should be done last, and only after your entire report is complete. Once your report is in order, you will need to number the pages in the bottom right-hand corner. Begin numbering pages with the Acknowledgements. Once you have numbered your pages, you can fill in your table of contents.

ACKNOWLEDGMENT

The ACKNOWLEDGMENT is the section of the report where you thank those that have helped you with your science fair project. If you received help in thinking up, designing, or carrying out your project or received materials from someone who did you a favor by supplying them, you should acknowledge their help and service or materials provided. You never know…you may need their help again in the future and thanking them is one way of possibly receiving their help again.

EXAMPLE OF AN ACKNOWLEDGMENT…
I would like to thank my mom and dad for their encouragement and advice, Don Franklin at Home Building Supplies for supplying some valuable information and materials, and Mr. Smith for help with writing my paper.
